Summit to open a branch in Busselton

HOMEBUYERS in the South West who are looking to build or renovate will soon have access to a new Summit Homes South West branch.

Summit Homes will open their second branch in Busselton with operations starting on September 1.

Located at 5/62 Kent Street just down from the iconic Fig Tree Lane and opposite a big carpark, the 253sq m office space will include a homebuyers pre-start showroom where buyers can view various fittings and fixtures for their new home.

The showroom will provide a visual of the available fittings including a working kitchen where homebuyers can try the products and appliances out before they buy them and to help make their selections easier.

“The whole concept is about improving our customer service,” Summit Homes South West general manager David Hunt said.

The Busselton office will also offer easier access to clients in Margaret River, Dunsborough and the surrounding areas.

“We wanted to go to the clients rather

David Hunt

than have the clients come to us,” he said.

The fully functioning office will have permanent staff which will include a construction manager, contracts administrator, home improvement staff, three sales consultants, a drafts person, scheduler, pre-start officer and a representative from Westgate Finance.

For further details contact Summit Homes in Bunbury 9722 0300 or in Busselton 9753 7800 after September 1.
