Weekend West NEW HOMES
24 September 2011

Packed with contemporary appeal

According to the judges, this Bunbury home by Summit South West was well designed and perfectly suited to its compact, rear-loaded lot, which is a little over 10m wide.

Packed with contemporary cottage appeal, the home has three bedrooms and two bathrooms. The judges found the living areas to be a particular highlight of the design.

"The open-plan living was designed

to maximise the amount of natural light while making it very functional to live in," they said. The quality workmanship and finish displayed in the kitchen were also highly praised.

"The kitchen was well crafted, with features such as waterfall island benches and stainless-steel appliances and feature tiling," the judges said.
